

# Your Career Starts Here Conference

The *Your Career Starts Here Conference* is an exciting new initiative by Student Enrichment's Career Development Centre that will inspire students to think about and prepare for their future careers.

For employers and community organisations, it will provide opportunities to engage directly with students participating in workshops and a mini expo (employment and volunteering expo). This event will be particularly relevant to the following organisations who can offer:

- Vacation Employment, Internship, or Work Experience programs
- Graduate employment programs or entry level jobs for graduates
- Volunteer opportunities

Depending on local campus needs, the conference may include:

- **Employment & Volunteering Expo:** Increase your opportunity to engage with students and provide information about your employment and/or volunteering opportunities.
- **MasterClass workshops:** Career development workshops help students prepare themselves to apply for jobs. Workshops are presented by careers practitioners and business representatives with expertise in recruitment.
- **Career options in ...:** Presentations and panel sessions featuring industry representatives describing career options /paths.
- **Developing your employability skills:** Sessions to raise awareness of volunteering, work experience, leadership & mentoring programs.
- **Information for international students:** Workshops to prepare international students for obtaining employment and work experience opportunities in Australia.

Where possible, community and business representatives may be able to deliver presentations in some of the above workshop sessions. If you are interested in speaking, or providing a speaker, please advise your campus contact.
