

High Achiever Scholarships: I.T. Computer Science and Engineering

The School of Engineering and Mathematical Sciences at La Trobe University offers teaching and research in Physical and Mathematical Sciences, Computer Science, Information Technology, Computer Systems Engineering, Electronics and Telecommunication Engineering, Biomedical Engineering, and Civil Engineering. With the integration of industry-based projects, an Industry-based learning program and industry experience in many courses, La Trobe graduates are amongst the most highly sought-after.

The student experience at La Trobe University is further enhanced by La Trobe's renowned support services for international students, including career development programs, an English Language Skills Enhancement Program and a mentoring program.

High Achiever Scholarships

The School of Engineering and Mathematical Sciences offers a number of High Achiever Scholarships to outstanding international students who wish to pursue a Bachelor or Postgraduate coursework degree program in IT, Computer Science and Electronic Engineering areas.

These scholarships are also extended to students pursuing the following new double degree programs:

Master of Information Technology/ Master of Business Administration

Master of Electronic Engineering/ Master of Business Administration

Master of Telecommunication Engineering / Master of Business Administration

Value

These scholarships provide A\$2500 towards the tuition fees for students commencing their studies in February, 2008.

Eligibility

The scholarships are available to outstanding students who wish to pursue any undergraduate or postgraduate coursework program within the School of Engineering and Mathematical Sciences. Prospective students must also meet the University's English language requirement. Please visit www.latrobe.edu.au/international/apply/english.html for further details.

How to Apply

Prospective students must submit their application for admission to La Trobe University to commence their studies in February, 2008. Students who have already applied to commence their studies at La Trobe University in February, 2008 must submit their expression of interest either through their agent or by writing directly to Mr. Manoj Vadavat at m.vadavat@latrobe.edu.au

Deadline for receiving applications

Monday, 10th December, 2007. Students will be informed by the 15th of December, 2007 if their application has been successful.

For further information please visit: www.latrobe.edu.au/international or Email: m.vadavat@latrobe.edu.au
