

Equity Grant Final Report Template

Project Title: VCE Summer School Scholarships

Project summary

To provide Year 11 students from SALT schools with the opportunity to attend a VCE preparation program held at Bundoora in January 2009, prior to the commencement of their Year 12 year.

Project budget: \$16,000

Expenditure: \$8,640

Balance of funds: \$7,360

Scope for Integration

Following an initial HEESP grant three years ago, the funding of SALT school attendance at the VCE Summer School has now been 'mainstreamed' into a regular equity grant.

Outcomes

66 students from SALT schools attended 198 VCE summer school lectures during January 2009.

Evaluation

FSC will track whether these students enrol at La Trobe in 2010.

From the 2008 summer school, of the 117 students who were funded via an equity grant to attend the program, 19 have now enrolled at La Trobe University – a conversion rate of 16%.
