

## How accessible and secure is your research data?

The e-Research Office and ICT invite you to  
A Forum on Data Classification

**Date:** Thursday 26<sup>th</sup> June

**Time:** 12.30 – 2.00

**Location:** Meeting Room 4, John Scott Meeting House

Please RSVP by Monday 23rd June to:  
Emma Curtis-Bramwell; e.curtis-bramwell@latrobe.edu.au

Hitachi Data Systems have been contracted to assist in a Data Storage survey that will assess the volume and type of data held in Research Units.

The aim is to meet with a sample of academics to understand the volume and types of data being held. This survey will lead to finding the most cost effective, secure and accessible means of storing Research data.

The forum will also provide an opportunity for academics to gain information on the best way to manage their current data stores.

Because the forum is looking to meet with a representative sample only, places must be limited to the first 20 respondents.
