

BSc HONS THESES

- A. D. Lawrence 1973 Featherbed Volcanics in North Queensland
- G. Withers 1975 Scapolite-bearing calcsilicates and marbles
- N. C. Liggins 1975 Sedimentation and structure of the Gippsland Basin
- A. J. Willocks 1975 Syenites of Benambra
- I. A. Carlyle 1975 Metamorphic and granitic rocks of the Bogong Region
- R. P. Ellis 1975 Igneous rocks of the Corryong District
- P. L. Browne 1975 West Tolmie Highlands igneous complex
- A. K. Kennedy 1975 Cerberean igneous complex east of Snobs Creek
- E. M. O'Hanlon 1975 A Petrographic and Geochemical Study of the Macedon District, Central Victoria.
- R. D. Wallis 1975 Igneous rocks of the Riverina Plain
- A. J. Whitaker 1976 The geology of Cross Section Line 10, King Island Scheelite Mine, with special reference to skarn calcite geothermometry
- L. T. Bryndzia 1976 The Geology and Geochemistry of the Bulla Adamellite and its inclusions
- P. Atkinson 1976 Geology and Geochemistry of the Victoria Valley Batholith, Grampians Ranges, South Eastern Australia.
- P. F. Gawith 1977 Geochemistry and Petrography of the Tertiary Volcanics from the Spring Hill - Tylden Area, Central Victoria.
- A. L. Love 1977 Geology of the Limestone Creek Area, N.E. Victoria
- S. A. Waldon 1977 Geology and mineralization of the Beechworth- Everton Granitoids
- A. L. Herczeg 1977 Geochemistry of groundwaters from the Southern Murray Basin, Australia
- G. Markovics 1977 Chemistry of weathering of the Toorongo Granodiorite, Mt. Baw Baw, Victoria
- W. M. Brown 1978 Leucogranites and the related rhyolite-basalt dyke swarm near Corryong, North-east Victoria
- L. Bagas 1978 The genesis of gold and quartz veins and the stratigraphy, structure, petrology and metamorphism of the Stawell Palaeozoic rocks, Victoria
- P. W. Elze 1978 A petrological and geochemical study of a sequence of metamorphic rocks Jarvis Creek, N-E Victoria

- P. G. Holek 1978 The geology and geochemistry of the Cerberean igneous complex near Marysville, Central Victoria
- T. J. Waite 1978 The petrology, mineralogy, and genesis of the tin-fluorine-tungsten skarn at Moina, Tasmania
- R. E. Wilson 1978 Mineralogy, petrology and geochemistry of basalt weathering
- G. J. Zuccala 1978 The geology and geochemistry of the metamorphic and igneous rocks of the Wagga Belt, Yackandandah, North East Victoria
- V. K. Bruce 1979 The geology of the Deddick River Valley, East Gippsland
- D. Kilpatrick 1979 Folding and metamorphism in the Eskdale-Tallandoon area
- G. I. Sherren 1979 Geology of the Dellicknora Valley region, East Gippsland
- D. A. Steele 1979 Part A. The geochemistry of pyroxenes from the olivine gabbro zone, kalka basic layered intrusions, Giles Complex, central Australia. Part B. The geology and petrology of the Bethanga-Spring Creek area, Bethanga Peninsula, North East Victoria.
- C. A. Woolard 1979 The geology and geochemistry of the Walwa District, North East Victoria
- K. Lee 1980 The geology of the Bonang-Goonerah, East Gippsland
- C. Oates 1980 The geology and geochemistry of the northern portion of the Jemba Rhyolite north-east Victoria
- S. J. Dodd 1981 The deformation, metamorphic and intrusive history of the Kuark Metamorphic Belt, Southeast Gippsland
- V. J. Dripps 1981 The geology and geochemistry of Falls Creek and Pretty Valley north-east Victoria
- J. M. Egan 1981 The igneous rocks of the Clunes District
- A. Camacho 1982 Metamorphic and structural geology around part of the Lockhart Adamellite, Northeast Victoria
- P. G. Jackson 1982 Part 1 - The mineralogy, mineral zonation and hydrothermal B Lens, Cleveland Mine, Tasmania Part 2 - The geology of part of the area between Whyte Hill and Magnet Mine, Tasmania
- G. J. Plummer 1982 Part A - the mineralization and zonation at East Midway, near Bourke, N.S.W. Part B - Geology of the Everton Molybdenite field
- M. Manly 1982 Mineralogy and paragenesis of skarns occurring at Pine Hill, Renison Bell District, North West Tasmania
- P. Taylor 1982 The Geology of Errinundra East Gippsland
- M. Edwards 1983 The Geology of the Dunolly-Inglewood Region

- A. R. Hannah 1983 The Geology and petrology of the Mt. Porndon area.
- D. L. Head 1983 Granites, metamorphism and structure, Emu-Yuengroon district, westcentral Victoria
- J. M. Hergt 1983 The igneous rocks of the Grampians, south-eastern Australia: A petrographic, geochemical and isotopic study.
- L. McHugh 1983 Geology of secondary manganese deposits on Groote Eylandt, Northern Territory
- D. F. Thompson 1983 Part 1. Aspects of the Tenth Legion skarn, north-west Tasmania Part 11. Geochemistry and mineralization of the Linton granites, western Victoria
- K. Walton 1983 A petrological and geochemical study of Ararat: an area of complex metamorphic, tectonic and intrusion history.
- A. Webster 1983 The relationships between the igneous and metamorphic rocks of the Tallangatta region, north east Victoria
- D. N. Young 1983 Geology and geochemistry of the granites of the Pilot Range, North East Victoria
- P. Boyd 1984 A sedimentological investigation of the lower cretaceous strata, near Marree, South Australia
- E. K. Baker 1984 The geology of part of the tertiary sequence of the Port Campbell embayment, Otway Basin, Victoria.
- G. Boadle 1984 Aspects of the sedimentology, biological interaction and origin of intertidal sediments near Red Bluff, Corner Inlet, Victoria.
- S. N. X. Demelis 1984 The Geology of the Ararat-Beaufort region
- A.R.W. Eaton 1984 The petrology and geochemistry of the Warby granites north east, Victoria
- G. R. Lightbody 1984 The geology, geochemistry, petrology and structure of the igneous, metamorphic and sedimentary rocks surrounding Yackandandah, North-East Victoria
- Y.F. Lim 1984 The geology and geochemistry of part of the Strathbogie igneous complex, central Victoria
- B. C. Mackie 1984 The geology and geochemistry of the cerberean igneous complex west of Snobs Creek, central Victoria
- K. S. Weston 1984 Part A: Geology and Alteration of the Bowan Park district, Central Western N.S.W. Part B: Hydrothermal alteration, and zonation at Cargo, Central Western N.S.W.
- A. J. Manini 1985 Geology, Geochemistry and Hydrothermal Alteration of Copper Hill, Central Western N.S.W.

D. R. Cooke 1985 The Geology and Geochemistry of the Naringla Monzodiorite, and the Mineralization and Alteration of the Associated Porphyry Copper Deposits Yeoval, Central-Western N.S.W.

M. Nicholson 1985 Part I: Aspects of the St. Dizier Creek Skarn, North-West Tasmania. Part II: Surface Geology of the Healesville Toolangi. Area in Central Victoria.

G. B. Douglas 1985 The Geology of the Tatong Region, North-east Victoria.

I. Manton 1985 Geology & Geochemistry of the North-eastern Section of the Cobaw Batholith, Central Victoria

J. Schusterbauer 1985 The Geology, Geochemistry, and Petrology of Part of the Cobaw Massif, Central Victoria.

S. J. Reeves 1985 The Geology and Geochemistry of the Mount Taylor Region, North of Bairnsdale, Victoria

I. S. Finlay 1985 The Structural, Igneous and Metamorphic Relationships of the Southern Margin of the Yabba Adamellite, North-East Victoria.

M. Hartley 1985 The Geology of the Igneous and Metamorphic Rocks Surrounding Bullioh, N.E. Victoria

T. Carmichael 1986 The igneous rocks of the Maldon-Majorca District, Central Victoria

P. Bird 1986 The tectonic and intrusive Geological History of the Great Western-Stawell Area: Central Western Victoria.

P. Whitehead 1986 The Geology and Geochemistry of the Mt. Rouse and Mt. Napier Volcanic Centres; Western Victoria

L. Pilapil 1987 The Geology and Geophysics of the Northern part of the Buchan Synclinorium in East Gippsland, Victoria

N. Johnson 1987 The Geology of the Igneous and Metamorphic Rocks in Wymah Area, Southern New South Wales

R. Williams 1987 The Structural, Igneous and Metamorphic relationships of the Sandy Creek District near Tallangatta, N. E. Victoria.

C. Hooper 1988 The structural and metamorphic history of the Mt Alfred area, near Walwa; NE Victoria

D. Mapleson 1988 The geology of the Chewton Goldfield and district; emphasis on the contact aureole of the Harcourt Granodiorite, black slates and mineralisation.

P. McDonald 1988 The geology and geophysics of the Murrumbidgee Basin Granodiorite and surrounding granites Beechworth, NE Victoria

K. O'Neill 1988 The origin of chert and the geology of the Chillagoe Formation in the Mungana Area

J. Osborne 1988 The geology and sedimentology of part of the Chillagoe Formation, Mungana, NE Queensland

P. Schiemer 1988 The geology, geophysics and geochemistry of the Greenstones at Mt William, Lancefield, Victoria

M. Selleck 1988 The geology and geochemistry of dyke rocks in the Pine Mountain Creek area - NE Victoria

K. Stockfeld 1988 The structural, metamorphic and intrusive history of the Talgarno - Tallangatta district, NE Victoria

J. Tunjic 1988 The geology and geochemistry of the Mt Eccles Volcanic complex, Western Victoria.

A. Byrnes 1989 The stratigraphy of Quaternary sediments of the Werribee Delta Victoria and Apatite Fission track study of a vertical profile near Falls Creek, Victoria

S. Drossos 1989 The sedimentology and structure of the early Cretaceous Moonlight Head member, Moonlight Head Region South West Victoria

G. Jenkins 1989 The geology and sedimentology of the Halls Gap Region

R. Lanyon 1989 The structural, metamorphic and igneous geology of the Wodonga - Indigo Valley area of Northeast Victoria

M. Rehfisch 1989 The sedimentology of the Coopers Creek Limestone, Tyers River area.

J. A. Anderson 1990 The geology of the Glenelg River complex in the Wando vale District of Western Victoria

P. F. Carroll 1990 The structural, metamorphic and igneous geology of Indigo valley, northeast Victoria

J. Forwood 1990 The geology and structure of the Egele South area, Papua New Guinea

D. Hammond 1990 The geology and geochemistry of dyke rocks in the Corryong-Cudgewa area, north eastern Victoria

B.M. Hayes 1990 The geology of a sediment hosted, fossilized hydrothermal system at Mount Piper, Broadford

M. P. Martin 1990 Ecklin Maar: Volcanology, petrology and geochemistry.

M. Mitchell 1990 The geology and geochemistry of the Werribee Plain Newer Volcanics, Victoria

W.P. Noble 1990 The relationship between igneous intrusions and gold mineralization in the Yarra Valley region of Victoria. A fluid inclusion study.

C.W. Rodda 1990 Petrogenesis of the Wahgichimbu Gorge and Geology and structure of the Egele Anticline, Papua New Guinea

- S. Brownlaw 1991 Sedimentology and palaeoecology of the Early Devonian limestones at Bindi
- J. A. Cussen 1991 The geology of the Mount Samaria-Barjarg Region, Vic
- R. Kellett 1991 Palaeomagnetic and geochemical studies of Mt Taranaki, New Zealand
- J. Kelly 1991 The geology, gold mineralisation and greenstones of the Whisky Knob area of Eastern Central Victoria
- S. Papworth 1991 The volcanology and geochemistry of the Mt Noorat, Mt Warrnambool and Panmure Volcanic Complexes, Western Vic.
- C. Smyth 1991 The geology of part of the North Flank of the Muller Anticline and Micropalaeontological environmental analysis of strata around the Kagua area, Central Highlands, Papua New Guinea
- G. Whitmore 1991 Structure, stratigraphy and provenance of mesozoic and tertiary units from the north flank of the Muller anticline, PNG
- J. Vasiliadis 1991 Opaque minerals of the Emperor Gold Deposit, Fiji
- J. Hadwen 1992 Geology and hydrothermal alteration and mineralization of Wolumla gold deposit NSW
- D. Knights 1992 Structural and metamorphic characteristics of the Mt Murrumbidgee area, west of Kiewa, northeast Victoria
- N. Porch 1992 Cultural and non-cultural processes in the formation of sedimentary deposits at three rockshelters in Northern Tasmania
- G. Pye 1992 Sedimentology and palaeoecology of the Early Devonian limestones in the southern Buchan Synclinorium
- G. Roadley 1992 Igneous rocks, metamorphism, and structure of an area near Granya, north-east Victoria
- D. Robinson 1992 Structural and metamorphic relationships between the Lockhart Terrane, (?) Gundowring terrane and Yabba Adamellite around Mt Wagra, northeastern Victoria
- P. Morris 1992 Field structure and stratigraphy of the Ok Menge area and regional SAR interpretation in the W. Muller Anticline, Papua New Guinea
- S. Ryan 1992 Sedimentology and structure of the Cathedral Group, Cathedral Ranges
- J. Sandy 1992 Geology of igneous and metamorphic rocks of the Beetoomba area, north eastern Victoria
- A. Verbeeten 1992 Geology and geochemistry of the Red Rock - Warrion Hill Volcanic Complex

- M. Wlasenko 1992 Field structural style in the Otway Ranges between Wye River, Wongarra and Mount Sabine, compared to that in the immediately offshore Torquay subembayment.
- E. Hussein 1992 The Geology of the Nagambie Gold Mine, Victoria
- R. Spiers 1992 Geological evolution of Quaternary coastal dune sequences in the Sorrento-Portsea area, Nepean Peninsula, Victoria
- J. Wheaton 1993 The geology and geochemistry of granites and dyke rocks between Jingellic and Ournie, southern New South Wales.
- S. Edwards 1993 The geology of granitic and metamorphic rocks of the Rileys Creek area, near Swifts Creek, Gippsland, Victoria
- D. Fergusson 1993 The igneous and metamorphic geology of the Glenelg River valley between Dergholm and Harrow, Vic
- A. Green 1993 The geology of the Koetong Granite and associated mineralization, Mt. Paynter, NSW.
- M. Hendrickx 1993 The stratigraphic, structural and economic geology of part of the Mt Wellington Belt, near the western arm of the Jamieson River, Victoria
- D. Newman 1993 Investigation of recent earthquake seismicity along the Muckelford Fault
- C. Jones 1993 Geology, petrology and geochemistry of the Camperdown Volcanic Complex
- G. Oakley 1993 The geology, geochemistry and mineralization of the Lankey's Creek and Carboona Gap intrusions, N of Jingellic, NSW
- D. Sabatino 1993 Geology, petrology and geochemistry of the Mt Elephant and Mt Shadwell Volcanoes
- P. Sapurmas 1993 Structural history of mylonite zones and environs, NE Victoria
- B. Leins 1994 Study of the structure, stratigraphy and economic geology of the main Fosterville line of mineralization and adjacent areas, Fosterville, Victoria
- S.M. Parker 1994 Studies in the Victorian Tertiary
- A.D. Moy 1994 Factors controlling gold mineralisation at Walhalla, Victoria
- C. Jaski 1994 The sedimentology, provenance and structure of the Otway Group in the vicinity of the Merino High, west Victoria.
- D. L. Walding 1994 The geology of the tubal cain stock and associated mineralisation, Walhalla central Victoria
- A. Bennett 1994 Structure, stratigraphy, petrology and geochemistry of the Bewaini-Torricelli Mountains, PNG

- S.M. Carmichael 1994 Petrogenesis, mineralisation, hydrothermal alteration and the magnetic petrophysics of the Morning Star Dyke, Wood's Point, Victoria
- J.M. Haynes 1994 The sedimentology and provenance of the Early Devonian Norton Gully sandstone, Melbourne Trough
- A. Tarsilli 1994 Studies on the Devonian stratigraphy and micropalaeontology (Ostracoda) of the Buchan region, south eastern Australia
- T. Arlaud 1994 Emplacement mechanism of Tower Hill crater rim material, palaeomagnetic and field evidence
- F. Apidopoulos 1995 The origin and hydrogeochemistry of mineral springs in the Daylesford- Hepburn Springs area
- W. Greenwood 1995 Study of the high level river terraces around Ampitheatre, Victoria
- C. Spooner 1995 Geology and Geochemistry of the Castleburn area, Central Gippsland, Victoria
- M. Vos 1995 Petrology and mineralization at Coopers Creek, Victoria and a comparison between the dyke rocks at Coopers Creek, Maynards Gully, Toombon and the Shamrock Mine, Woods Point
- S. Spencer 1995 Studies on the Devonian stratigraphy, micropalaeontology (ostracoda) and small-scale cyclicity of the Waratah and Bell Point Limestones, Bell Point, southeastern Australia
- J. Butler 1995 Hydrothermal alteration and mineralization at the Hill 800 prospect near Jamieson, central Victoria
- S. Poiesz 1995 The geology, geochemistry and petrology of the mt St Leonard area of the Black Range, central Victoria
- J. Schneider 1995 Geology and geochemistry of volcanic rocks of the upper Whakapapaiti Valley, Mt. Ruapehu, North Island, New Zealand
- D. Valente 1995 Geology and geochemistry of volcanic rocks of Lower Pinnacle Ridge and the Upper Whakapapanui valley, Ruapehu, North Island, New Zealand
- A. Kemp 1995 Geology of the Glenelg River Complex in the Harrow district of western Victoria
- B. Menzel 1995 A study of hydrothermal alteration in the Waisoi Porphyry Cooper system, near Namosi, S.E. Viti Levu, Fiji
- A. Raddock 1995 Structural controls on gold mineralisation, hydrothermal alteration and vein morphology in the Harbinger mine area, Walhalla synclinorium
- C. Jelonek 1995 Structure, mineralisation, vein morphology and fluid characteristics of the Royal Standard Group of Mines, Woods Point district, Eastern Victoria
- D. Bushell 1996 The geology of part of the southeastern Glenelg River Complex, western Victoria

- T. O'Hara 1996 Geology of the Glenelg River Complex in the Balmoral district of Western Victoria
- A. Jones 1996 Geology and mineralisation associated with pegmatites, west of Lockhart Gap, NE Victoria
- J. Bartlett 1996 The characterisation and genesis of fine gold at Cox's Prospect, Bellellen, Western Victoria
- T. Edmunds 1996 The geophysics and geology of part of the Kiewa Fault, North of Mount Beauty
- M. Simmenaur 1996 Geology and Cu-Pb-Zn mineralisation of the Jervois Mine Region, N.T.
- J. Chapman 1996 Geology and geochemistry of andesitic rocks of the upper Managatoetoenui Valley, Mount Ruapehu, North Island, New Zealand
- E. Beyer 1996 Geology and geochemistry of volcanic rocks of the Tukino Skifield area and Middle Whangaaehu Gorge, east Ruapehu, New Zealand
- A. Spencer 1996 Geology, mineralisation and hydrothermal alteration of Thursday's Gossan, Porphyry system, Stavely, Western Victoria
- L. Smedley 1996 Terrane comparisons and the geology of the Gundowring district, northeast Victoria
- R. Cobcroft 1996 The geology of the United Gleesons, A1 Lauraville, New Dempsey, Rose of Denmark and Wallaby mines in the Gaffneys Creek - Kevington area, Victoria.
- S. Mele 1996 A preliminary geophysical study of the hydrogeology of an area effected by dryland salinity along the Mt Camel Range
- C. Osborne 1997 The Geology, geochemistry and sstructure of the eastern margin of the Cerberean Cauldron, Central Victoria
- A. Cafasso 1997 A geological and geophysical investigation of dykes in an area between Woods Point and Gaffneys Creek, Eastern Victoria
- J. Keetley 1997 The structure and geology of the Honje High and the Bayah High, West Java, Indonesia
- M. Achatz 1997 Geology of the Kevington-Ten Mile area near Jamieson, Central Victoria
- B. Kovac 1997 Gravity study of the southeastern Australia escarpment
- D. Igoe 1998 The origin and variability of gold in the Africa palaeochannel, Kambalda WA
- C. Nguyen 1998 Structure and straigraphy of the Lower5 Devonian Trubidites at Cape Liptrap
- M. Tait 1998 Geology and landscape evolution of the Mt Wood Hills area, near

Tibooburra, northwestern New South Wales

J. Fitzherbert 1998 Geology of the Glenelg River Complex in the Balmoral District of Western Victoria

D. Ninis 1998 The determination of a palaeomagnetic pole for Australia for the Early Miocene R. Anderson 1998 Mineralogy and geochemistry of the alteration Haloes surrounding the northern pods of the Elura Pb-Zn-Ag deposit, Cobar, New South Wales

C. Mintern-Lane 1998 The seaham "varves" and the Kiaman long reversed polarity epoch

T. Ashby 1998 The origin and depositional history of the Jordan River Terraces and Gravels, Jericho Victoria

S. Finger 1999 Arsenic contamination and geochemistry of Gold Mine Water, Central Victoria Australia

A. Wilson 1999 Geology of the Tallangatta-Tangambalanga Area

J. Barlow 1999 The sedimentology and geomorphology of the Maribyrnong River terraces at Keilor Victoria

J. James 1999 The geology and indicator-related gold mineralisation of the McIntyre-Rheola area of Central Victoria

R. Trapnell 1999 The geology of the Hairhair Plain, and associated Paleogeography of the Mount Hotham Region during the Tertiary

L. Tuckwell 1999 The Geology of the Connor's Plain region of the Mount Wellington Greenstone Belt, Victoria

M. Perkins 1999 Geology of the Rathjen Gneiss Complex, the Southern Adeliadie Fold Belt, south Australia.

E. Spence 2000 Glacial marine sedimentation and dolomite formation in the Permian Bacchus Marsh Formation, Bald Hill

C. Gouramanis 2000 Sedimentology and ichnology of Moutn Bepcha, Western Grampians.

S. McAliece 2000 Dryland salinity around Creswick

S. Santomartino 2000 Comparison of methods for Acid Sulphate Soil Analysis

M. Vos 2000 Structure and mineralisation of the Steiglitz Goldfield

D. Neil 2000 A tectonic traverse from East Ararat to Jallukar, Western Victoria

N. Rosengren 2000 Structural and lithological controls on gold in the Neilborough area, Central Victoria

T. Christensen 2000 Rock magnetostratigraphy of cave sediments in the Wellington Caves, NSW.

- M. Shawcross 2000 Geology and styles of mineralisation in the northern segment of the Heathcote Greenstone Belt
- G. Dean 2000 Igneous and high grade metamorphic geology of the south-eastern Glenelg River complex, Western Victoria
- G. Deeva 2000 Igneous and high-grade metamorphic geology of the South eastern Glenelg river complex Western Victoria
