

School of Historical and European Studies

NEW SUBJECTS 2009

HIS1MSU

Monsters, Savages and Us: tales of others

Travel through time and space, from ancient worlds to modern worlds, and consider the way history's events, places and ideas have been shaped by tales of 'others' as monsters and savages.

HIS1GMS

Migration Stories in a Global Context

Explore historical process and personal stories from the mass global migrations of people from Europe, Asia and the Pacific.

HIS2/3TCE

Twentieth Century Europe: politics, ideologies and stories

Study the turbulent history of the twentieth century in Europe, beginning with the consequences of the First World War and concluding with the collapse of communism.

HIS2/3AEH (online only)

Australian Environmental History: Gondwana to global warming

Consider Australia's early geological history; indigenous and settler land use and how it has shaped and changed the environment.

ARH2/3AAE

Australian Art and Environment

Study art and visual culture in Australia since 'discovery' in the Enlightenment period of the late eighteenth century up until the present day.
