

HOW DO I ? Create a Link to an INSIGHT Image Collection

Instructions are for Internet Explorer and Firefox.

What is INSIGHT ®?

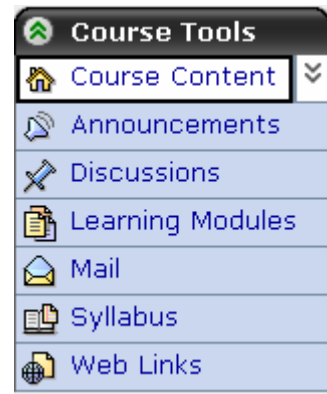

INSIGHT ® is software from Luna Imaging Inc. that you can use to manage, access, use and present collections of digital images.

If you don't currently use INSIGHT ®, but are interested in finding out more, point your browser to <http://www.lib.latrobe.edu.au/insight>

Image Collections			
	Collection	Available to	Access via
	AMICA Library The AMICA Library contains over 114,000 works of art from the collections of contributing museums worldwide. Cultures and time periods range from contemporary art, Native American and Inuit art, to ancient Greek, Roman, and Egyptian works, along with Japanese and Chinese works. Types of works include paintings, sculptures, drawings, prints, and photographs, as well as textiles, costumes, jewelry, decorative art, and books and manuscripts.	LTU community ONLY	Web Browser Java Client
			

To link to an INSIGHT ® image collection, you will need to have created an image collection using INSIGHT ®

In the LMS, you should be on the **Build** Tab. In the La Trobe University template, the Web Links tool has already been added to the **Course Tools** menu. Select **Web Links**, then choose **Create Web Link**.

If you are using a Faculty or School template, you will need to add the **Web Links** tool. See **How do I Add/Remove a Tool**.

1. Browse to the Library INSIGHT ® web page at <http://ww.lib.latrobe.edu.au/insight>
2. Locate and select the collection to which you wish to link, right click on the browser link and choose **Copy Shortcut** (IE) or **Copy Link Location** (Firefox).
3. Return to your LMS/WebCT Unit
4. At the Web Link Editor you will need to type a title and description, then paste the URL you have copied from the INSIGHT ® database into the **Web Address (URL)** field.
