

Student Presentation Symposium

National Centre for Prosthetics and Orthotics,
La Trobe University

When: 2nd November, 2009

Time: 9am to 5pm (followed by refreshments)

Where: Health Sciences 2, Room 223/4
La Trobe University, Bundoora.

RSVP: To Gemma, for catering and car park permits: G.Carr@latrobe.edu.au

The Student Presentation Symposium, sponsored by Reis Orthopaedics and Surgical Services, showcases the work of our honours and third year students completing their Independent Study Project.

Students completing the Independent Study Project undertake either a research and development (R&D) type project or complete a variety of different 'Clinical Challenges' that aim to develop the same suite of skills using real-world scenarios more typical of a clinical environment.

The morning session is dedicated to the research undertaken by the honours and R&D students while the afternoon session showcases the Clinical Challenge presentations.

The student presentations are assessed - so come along and lend your support.

Please join us for a simple barbeque lunch or refreshment at the end of the symposium and meet with colleagues, students and visitors from Kobe College Japan.

We hope to see you there.
