
Hello, my name is Evan.
I like dancing, singing and stories but most of all, I love Wiggles. I'm going to be a drummer when I grow up.
I am a fun guy looking for other fun people to come and play with me.

Volunteer

for this fun program on

Autism & learn why it works!

Evan is our sweet and gentle 4yr old son with a diagnosis of autism. In the last 3mths he has made remarkable progress due to our fabulous volunteers who have come and played with him.

Yo Yo Yo…..Now listen up!
We've just come back from the USA
And a course that views autism,
in a different way
We used to feel hurt and pain and tears
But now we're so excited
We're asking U to VOLUNTEER!!
What's this program we hear u say
It's based on Options, let me explain
'Son–Rise' was the movie that told the story
Of one family's trip from despair to glory,
So what does it take to participate?
Nothin' but "ATTITUDE"
It's simply child's play!
