

Employment opportunity Health Sciences or Education student

Job description:

The successful applicant would be working with a 6 ½ year old girl who has developmental delay, assisting and working towards independence in self help skills required in the morning getting ready for school. This includes dressing, breakfast, brushing teeth, tying up hair and putting on socks and shoes.

The successful applicant would need to be very patient, energetic, positive and have a happy disposition, and a special interest in working with children. Ideally she/he living in the Hawthorn East/Kew/Camberwell area, since the job would require an early start of 7.00 am through to about 8.15 am.

A commencement rate of \$15 per hour dependant on experience and a review of this after 3 months.

Please contact Annemarie on 98171559 for further information.
