

Publications (in chronological order)

Dissanayake, C., & Crossley, S. A. (1989). A study of behaviour in children with early infantile autism: Responsiveness to people. Proceedings of the XXIV Congress of Psychology (Vol. 9) *Clinical and abnormal psychology* (P.F. Lovibond & P. Wilson, Eds.), Amsterdam: North Holland, pp 221-232.

Crossley, S. A. & Dissanayake, C. Syndrome de Down et Autisme. (1993). In M. C. Busnel (Ed.), *Le langage des bébes: Savons-nous l'entendre?* Paris: Jacques Grancher, pp. 223–233.

Tonge, B. J., Dissanayake, C., & Brereton, A. (1994). Autism: Fifty years on from Kanner. *Journal of Paediatric Child Health*, 30, 102-107.

Sigman, M., Arbelle, S., & Dissanayake, C. (1995). Current findings on childhood autism. *Canadian Journal of Psychiatry*, 40, 289-294.

Dissanayake, C., & Crossley, S. A. (1996). Proximity and sociable behaviours in autism: Evidence for attachment? *Journal of Child Psychology and Psychiatry*, 37, 149-156.

Dissanayake, C., Sigman, M. D., & Kasari, C. (1996). Long term stability of individual differences in the emotional responsiveness of children with autism. *Journal of Child Psychology and Psychiatry*, 37, 461-467.

Dissanayake, C., & Crossley, S. A. (1997). Autistic children's responses to separation and reunion with their mothers. *Journal of Autism and Developmental Disorders*, 27, 295-312.

Sigman, M., Dissanayake, C., Arbelle, S., & Ruskin-Gillman, E. M. (1997). Cognition and emotion in children and adolescents with autism. In D. J. Cohen & F. R. Volkmar (Eds.), *Handbook of autism and pervasive developmental disorders* (2nd ed.). Silver Springs, Maryland: John Wiley. pp. 248-265.

Corona, R., Dissanayake, C., Arbelle, S., Wellington, P. & Sigman, M. (1998). Is affect aversive to young children with autism? Behavioural and cardiac responses to experimenter distress. *Child Development*, 69, 1494-1502.

Sigman, M., Ruskin, E., Arbelle, S., Corona, R., Dissanayake, C., Espinosa, M., Kim, N., Lopez, A., & Zierhut, C. (1999). Continuity and change in the social competence of children with autism, Down syndrome and developmental delays. *Monographs of the Society for Research in Child Development*, Serial No. 256, 64, Vol. 1.

Nielsen, M., & Dissanayake, C. (2000). An investigation of pretend play, mental state terms, and false belief understanding: In search of a metarepresentational link. *British Journal of Developmental Psychology*, 18, 609-624.

Dissanayake, C., & Sigman, M. (2001). Attachment and emotional responsiveness in children with autism. *International Review of Research in Mental Retardation*, 23, 239-266.

Nielsen, M., & Dissanayake, C. (2001). A study of pretend play and false belief in preschool children: Is all pretence metarepresentational? In S. Reifel (Ed.), *Play and culture studies Volume 3: Theory in context and out*. Ablex: Greenwich, pp. 199-215.

Dissanayake, C., & Macintosh, K. (2003) Mind reading and social functioning in children with high functioning autism and Asperger's disorder. Invited chapter in B. Rapacholi & V. Slaughter (Eds.), *Individual differences in theory of mind: Implications for typical and atypical development*. Macquarie Monographs in Cognitive Science Series, Psychology Press.

Mathews, R., Dissanayake, C., & Pratt, C. (2003). The relationship between theory of mind and conservation abilities in children using an active/inactive paradigm. *Australian Journal of Psychology*, 55, 35-42.

Nielsen, M., & Dissanayake, C. (2003). A longitudinal study of immediate, deferred, and synchronic imitation through the second year. *The Interdisciplinary Journal of Artificial Intelligence and the Simulation of Behaviour*, 1, 305-318.

Nielsen, M., & Dissanayake, C. (2003). Synchronic imitation as pre-linguistic social interaction. In K. Dautenhan and C. L. Nehaniv (Eds.) *Proceedings of the AISB '03 Second International Symposium on Imitation in Animals and Artifacts* (pp. 131-137). Wales, UK: The Society of Artificial Intelligence and the Simulation of Behaviour.

Nielsen, M., Dissanayake, C., & Kashima, Y. (2003). A longitudinal investigation of self-other discrimination and the emergence of mirror self-recognition. *Infant Behaviour and Development*, 26, 213-226.

Sigman, M., Dissanayake, C., Corona, R., & Espinosa, M. (2003) Social and cardiac responses of young children with autism. *Autism*, 7, 205-216.

Dissanayake, C. (2004). Change in behavioural symptoms in children with high-functioning autism and Asperger's disorder: Evidence for one disorder? *Australian Journal of Early Childhood*, 29, 48-57.

Macintosh, K., & Dissanayake, C. (2004). Annotation: The similarities and differences between Autistic Disorder and Asperger's disorder: A review of the empirical evidence. *Journal of Child Psychology and Psychiatry*, 45, 421-434.

Nielsen, M., & Dissanayake, C. (2004). Imitation, pretend play and mirror self-recognition: A longitudinal investigation through the second year. *Infant Behaviour and Development*, 27, 342-365.

Gernsbacher, M. A., Dissanayake, C., Goldsmith, H.H., Mundy, P., Rogers, S., & Sigman, M. (2005) Autism and deficits in attachment behaviour. *Science*, 307, 1201-1203

Dissanayake, C., Bui, Q.M., Huggins, R., & Loesch, D.Z. (2006) Growth in stature and head circumference in high-functioning autism and Asperger's disorder during the first three years of life. *Development and Psychopathology*. 18(2), 381-393.

Macintosh, K., & Dissanayake, C. (2006). A comparative study of the spontaneous social interactions and social skills of children with high-functioning autism and children with Asperger's disorder. *Autism*, 10, 199-220.

Macintosh, K., & Dissanayake, C. (2006). Social skills and problem behaviours in school aged children with high-functioning autism and Asperger's disorder. *Journal of Autism and Developmental Disorders*, 36, 1065-1076.

Nielsen, M., Suddendorf, T., & Dissanayake, C. (2006). Imitation and self-recognition in autism: In search of an explanation. In S. J. Rogers & J. Williams (Eds.), *Imitation and the social mind: Autism and typical development*. New York NY: Guilford Publications.

Clifford, S., Dissanayake, C., Bui, Q.M., Huggins, R., Taylor, A.K., & Loesch, D.Z. (2007) Autism spectrum phenotype in males and females with Fragile X full mutation and premutation. *Journal of Autism and Developmental Disorders*, 37, 738-747.

Skouteris, H., McNaught, S., & Dissanayake, C. (2007). Mothers' Transition Back to Work and Infants' Transition to Child Care: Does Work-Based Child Care Make a Difference? *Childcare in Practice*, 13, 33-47

Loesch, D.Z., Bui, Q.M., Dissanayake, C., Clifford, S., Gould, E., Bulhak-Paterson, D., Tassone, F., Taylor, A.K., Hessler, D., Hagerman, R., Hagerman, P., & Huggins, R.M. (2007). Molecular and cognitive predictors of the continuum of autistic behaviours in fragile X. *Neuroscience & Biobehavioral Reviews*. 31, 315-326.

Barbaro, J. & Dissanayake, C. (2007). A comparative study of the use and understanding of self-presentational display rules in children with high functioning autism and Asperger's Disorder. *Journal of Autism and Developmental Disorders*, 37, 1235-1246.

Clifford, S.M., & Dissanayake, C. (2008). The early development of joint attention in infants with Autistic Disorder using home video observations and parental interview. *Journal of Autism and Developmental Disorders*, 38, 791-805.

Dissanayake, C., Bui, Q., Bulhak-Paterson, D., Huggins, R., & Loesch, D. (2009) Behavioural and cognitive phenotypes in idiopathic autism versus autism associated with fragile X syndrome. *Journal of Child Psychology and Psychiatry*, 50, 290-299.

Clifford, S.M., & Dissanayake, C. (2009, in press). Dyadic and triadic behaviours in infancy as precursors to social understanding and social responsiveness in young children with Autistic Disorder. *Journal of Autism and Developmental Disorders* (accepted February 2009)

Barbaro, J., & Dissanayake, C. (2009, in press). Autism Spectrum Disorders in infancy and toddlerhood: A review of the evidence on early signs, early identification, and early diagnosis. *Journal of Developmental and Behavioral Paediatrics* (accepted May 2009).

Loesch, D., Godler, D., Khaniani, M., Gould, E., Freya, G., Dissanayake, C., Burgess, T., Tassone, F., Huggins, R., Slater, H., & Choo, A. (2009, in press). Linking the FMR1 alleles with small CGG expansions with neurodevelopmental disorders: Preliminary data suggest an involvement of epigenetic mechanisms. *American Journal of Medical Genetics* (accepted May 2009).
