

# **PUBLIC HEALTH STUDENTS' ASSOCIATION (PHSA)**

## **STATEMENT OF PURPOSE**

To provide vocational affiliation, social support and curriculum development opportunities to Public Health Students at Latrobe University.

## **OBJECTIVES**

1. Vocational Affiliation
  - By creating links with the Public Health Industry and University Faculties
  - Promoting the skills and knowledge of undergraduate, Public Health students for industries and strengthening student profiles.
2. Social Support
  - By having regular social events
  - Providing an environment for Public Health students to relax, network, study, and build community.
3. Curriculum Development
  - To advocate on behalf of students to address academic issues and concerns
  - By liaising with staff and maintaining positive staff/student rapport
  - To influence faculty decision-making through representation on academic committees.
  - By providing a Resource Room specific to Public Health students' academic and vocational needs, including access to course orientated research facilities.
