

Australian Code for the Responsible Conduct of Research ([Code](#))

Part A

Principles and Practices to Encourage Responsible Research Conduct

General Principles of Responsible Research

Management of Research Data and Primary Materials

Supervision of Research Trainees

Publication and Dissemination of Research Findings

Authorship

Peer Review

Conflicts of Interest

Collaborative Research across Institutions

Policies and Procedures

- *Research Integrity Policy*
 - *Conduct of Research Procedures [DRAFT]*
 - *Human Ethics Procedures*
 - *Animal Ethics Procedures*
 - *Genetic Modified Organisms Procedures*
- *Research Centres and Institutes Policy*
 - *Research Centres and Institutes Procedures*
- *Research Materials and Data Set Retention and Disposal Policy [REVIEW]*
 - *Research Materials Retention and Disposal Procedures [DRAFT]*
 - *Research Data Set Retention and Disposal Procedures [DRAFT]*
- *Research Data Management Policy*
 - *Archiving of Records Relating to the Collection and Analysis of Research Data Procedures*
 - *Access to Restricted Materials Acquired by the Library for Research Procedures*
- *Use of External Data Services Policy*
- *Supervision of Research Students Policy*
 - *Supervision of Research Students Procedures*
- *Support for Research Postgraduates Policy*
- *Publication of Research Findings Policy*
 - *Dissemination of Research Findings Procedures*
- *Intellectual Property Policy*
 - *Intellectual Property Procedures*
- *Authorship of Research Publications Procedures*
- *Research Integrity Policy*
- *Publication of Research Findings Policy*
- *Conflicts of Interest Procedure*
- *Research, Contracts, Grants, Consultancies, Collaborations and Joint Ventures Policy*
 - *Research, Contracts, Grants, Consultancies, Collaborations and Joint Ventures Procedures*

Part B

Breaches of the Code, Research Misconduct, and the Framework for Resolving Allegations

Breaches of the Code and Misconduct in Research

Concepts and Definitions

Responsibilities

The Framework for Resolving Allegations

- *Research Misconduct Procedures*
- *Designated Person*
- *Research Integrity Advisors*

Implementation of the Code and LTU Policies and Procedures

- *Online training modules*
- *Seminars*
- *Workshops*
- *Individual and Group Training Sessions*

Identifying Gaps

- *Bringing together the Research Governance Framework:*
 - *Quality*
 - *Safety*
 - *Privacy*
 - *Risk management*
 - *Financial management*
 - *Ethical acceptability*
- *Implementing regular audits and reviews*
