What is SPAN?

A lively community house in Thornbury. We offer a range of volunteer opportunities, programs, activities & events. See www.spanhouse.org

Do I need to be a teacher?

No – we train you. We provide 7 weeks of specialised training (qualified ESL teachers exempt). All you need is two hours a week free, willingness to travel to the learner, good listening skills, patience and appreciation of the chance to meet someone from a different background.

Support and resources

Our coordinator is in touch via phone and email. We provide access to resources and materials. We hold training updates and meetings such as conversation classes for you and your learner. You can meet here at Span with your learner if you want.

Who are the learners?

Learners are from a variety of cultural backgrounds, ages, and situations. Some are newly arrived, and others have been here for a long time. Some speak no English at all and others have advanced English skills.
