Re-enrolment in the Bachelor of Social Work (Advanced Standing) – 2009

Please refer to the University Handbook for the degree structure. The units listed below may be a helpful guide, noting that they are given as a Full Time load. Part Time sequence is indicated by the small lighter coloured numbers, ¹ or ², to the left of the unit codes. The structure in the Handbook lists the units you are required to complete at each level. The degree structure also lists the credit points attached to each unit. Note that the University Handbook and the campus wide *draft* timetable also provide information about possible elective choices.

Please note that the re-enrolment process is only provisional. Once your final results for 2008 are available, the School can then confirm your enrolment with no further input from you, unless you have failed to meet pre-requisite requirements.

The units that are pre-printed into your enrolment are the compulsory units you must enrol in if you are a full time student. Part time students will most likely need to *delete* some of those pre-printed units from their enrolment. In some exceptional circumstances part time students may also *have a blend of units* across two levels of the course.

Fourth year students who expect to complete their course at the end of this year are not required to participate in the re-enrolment process.

If you have difficulty with your enrolment, please contact the School of Social Work and Social Policy Administrative Office (preferably by email). Contact details are as follows:
