## THE BACHELOR OF ARTS - 2010 RE-ENROLMENT

As you plan for 2010, we thought this is the right time to remind you of the structure of the course you are undertaking, plus unit choices for 2010.

To qualify for the Bachelor of Arts degree students must complete 360 credit points (normally over three years of full-time study or the part-time equivalent). These will normally consist of 120 credit points at each year level. This means eight first-year units, six second-year units and six third-year units.

Units from different disciplines are offered by the Faculty on the Albury-Wodonga campus. These are currently: art history, English, history, philosophy, politics, and sociology. Some units may be offered through flexible delivery mode.

All BA students must complete:

A major of 130 credit points in a single discipline offered by the Faculty. A major consists of two units at first-year level, two units at second-year level and three units at third-year level in the discipline. The remaining credit points can be chosen from other disciplines.

or:

A double major of 130 credit points in each of two different disciplines offered by the Faculty. A double major consists of two units at first-year level, two units at second year-level and three units at third-year level in each discipline. The remaining credit points can be chosen from other disciplines.

The units chosen should be such that:

- there are no more than 135 credit points of units at first-year level;
- there are no more than 30 credit points in any area in first year;
- no more than two units at each year level are taken from units offered outside the Faculty.

On completing the course of study which would lead to the award of the Bachelor of Arts, students may be eligible for entry into the program for the Bachelor of Arts with Honours. Enquiries about eligibility and potential study programs should in the first instance be directed to the lecturer/coordinator of the relevant discipline, prior to 3<sup>rd</sup> year enrolment.
