

Critical Reflection on Teaching (Preparing for new teaching situations)

Date:

- 1. What is the situation (Lecture? Tutorial? Laboratory? Assessment? Etc.)**
- 2. What will my role be?**
- 3. What are the learning objectives for this situation?**
- 4. What other experiences have I had that might be useful to apply here?**
- 5. What happened in those previous situations?**
- 6. What went well?**

7. What didn't go so well?

8. What did I learn from those experiences?

9. How might I apply what I've learned to this situation?

10. What is different about this situation that I will need to take into account?

11. Overall comments
