

HOW DO I ... ? Turn It On?

Turnitin – Turn It On | June 2009

Turn It On

Although the *Turnitin* PowerLink has been implemented across the Learning Management System, it is not automatically enabled at the LMS Subject level. A Designer will need to enable the *Turnitin* tool for each LMS Subject or space in which it is to be used.

1. Log in to the LMS and go the Subject in which you want to enable the *Turnitin* Powerlink.
2. On the **Build** tab, select **Manage Course** from the suite of **Designer Tools**. The **Manage Course** screen will be displayed.

Manage Course

-  **Tools**
Determine which tools can be used in the course. You can add and remove tools as necessary.
-  **Course Menu**
Modify the appearance of the course menu.
-  **Course Content Icons**
Choose an icon set for course content.
-  **Settings**
Edit settings for tools.
-  **Import**
Import content into the course.
-  **Backup**
Back up the course for safekeeping and archiving purposes.
-  **Course Preview Page Setup**
Set up the Course Preview Page for the course.
-  **Date Rollover**
Adjust dates for course items.

3. Choose **Settings**, then at the **Settings Management** screen select **Turnitin Assignment** from the Tools list – the Tools list is the first column on the left of the main frame.
4. Select **True** for the **Enable Tool** option and then choose **Save Values**.

IMPORTANT! DO NOT CHANGE ANY OF THE OTHER VALUES.

Turnitin Assignment Tools

Title	Value
Enable Tool	<input checked="" type="radio"/> true / <input type="radio"/> false
This setting has been locked.	
This setting has been locked.	
This setting has been locked.
