To help you succeed academically, we have minimum English language requirements based on the the International English Language Testing System (IELTS) system. However, some courses may need a higher level of English language proficiency than these minimum scores.

We may also consider other factors when assessing if you meet the language requirements, such as whether you have studied or worked in an English-speaking country.

Please note:

- Not all courses accept alternative English tests. Please confirm the international entry requirements of your preferred course on our website.
- Where you have results from more than one of these English language tests, only your most recent single achievement will be considered in our admission decision.
- If you successfully complete a La Trobe course and intend to apply for professional registration in Australia, you may need to meet the relevant accrediting agency's English language standard.
- Your evidence demonstrating English language proficiency must be no older than two years, unless stated otherwise. La Trobe University reserves the right to require that any applicant completes an English language test.
- IELTS One Skill Retake (OSR) allows test takers to retake one of the four test components in either reading, writing, speaking or listening (once only). For Australian student visas, the Department of Home Affairs accept IELTS test results that include OSR, with the exception of applications for subclasses 476, 482, and 485 that require scores from a single attempt.

1. TOEFL iBT must have been taken prior to 26 July 2023. Until further notice, TOEFL no longer offer tests for Australian student visas.

# FEES

**TUITION FEES ARE THE PRIMARY COST OF STUDYING ONE OF OUR COURSES. THEY ARE DIFFERENT FOR EVERY COURSE AND ARE BASED ON YOUR STUDY LOAD**

You can find indicative annual fees throughout this guide. These are based on an annual study load of 120 credit points, except where we indicate that they are based on a different study load. If you change your study load, your course fees will also change.

You can estimate a total cost for your course based on these indicative fees, but remember – fees can change year by year. We reserve the right to vary fees on an annual basis. If we do change the fees for a course, the change takes effect on 1 January the next year.

You may also need to pay other course costs, such as field trips or buying equipment. If a course requires you to pay additional costs, it will be outlined in the 'Fees and scholarships' section on your course page.
