#### Host Organisation Background:

We are an Educational Facility, a private school with a dedicated Year 9 campus on the grounds of La Trobe University. Established in 2019 we are a dedicated Year 9 campus with a partnership with La Trobe University . We have 300+ students from both our Plenty and Ivanhoe Campuses here for a year. Second Semester for our students begins May 28.

Each year, 180 students participate in IGNITE. IGNITE is a program that was initially designed under the supervision of Dr Rochelle Fogelgarn, from La Trobe’s School of Education. Research has demonstrated that students learn best when they have the opportunity to learn about whatever interests them. The IGNITE Program embraces this approach, creating a series of learning experiences that engage students to learn about passions or interests that are important to them. It is a 6 month, one period a week program with 180 students learning about 150 different topics/passions. The activities and outcomes are not assessed, but students exhibit their leanings in an EXPO at the end of the semester.
