

## La Trobe Communication Clinic

# ADULT SPEECH PATHOLOGY CLINIC

Our student-led Speech Pathology service support people with communication, language, and swallowing difficulties. Our service is run by students who are supervised by qualified and experienced Speech Pathologists. Through supporting our students, we prioritise your care, ensuring you receive the best possible support and treatment.

We can assist you with:

### Understanding and using language

- Help you think of the right words and make a sentence.
- Help you understand others more easily.
- Help you participate in a conversation.
- Assist with reading and spelling.

### Speech

- Help you speak clearer.

### Voice – gender affirming

- Support with communication and voice training

### Voice – general\*

- Provide support for conditions diagnosed by an Ear, Nose and Throat (ENT) specialist (e.g. nodules, muscle-tension dysphonia etc)
- Support professional voice users (e.g. teachers, lawyers etc) to optimise their voice use

*\*We do not provide singing support and require ENT referral and information of diagnosis to support care provided.*

### Swallowing\*

- Help you eat and drink safely
- Assist with food modification to help safe eating and drinking

*\*We do not offer Videofluoroscopy or Fiberoptic/Flexible Endoscopic Evaluation of Swallowing (FEES) at this clinic – non-instrumental support only.*

### What to expect

Individual and/or group programs led by a student Speech Pathologist under the guidance of a qualified Speech Pathologist. Appointments will be on site at La Trobe University, Bundoora, or may be offered via telehealth if appropriate.

### Fees

We offer services at a reduced cost. As we are a teaching clinic, we are unable to bill under Medicare, DVA, Workcover or Private Health claims.

### LOCATION

Level 4, Health Sciences 1 Building,

La Trobe University

Plenty Road & Kingsbury Drive,  
Melbourne VIC 3086
