

CHANGE OF PREFERENCE SUPPORT

STUDENT RECRUITMENT TEAM

Dedicated support for Career Practitioners and Secondary School staff that are supporting students during the Change of Preference period, La Trobe's Student Recruitment team will be available via phone and email. Please send email enquiries to **undergrad@latrobe.edu.au** or please contact your local campus Domestic Student Recruitment representative.

LA TROBE UNIVERSITY

CHANGE OF PREFERENCE SUPPORT

ALTERNATIVE PATHWAY OPTIONS

COURSE PACKAGES

La Trobe course packages let students secure two courses in a single enrolment: a pathway and a destination degree, with guaranteed progression:

- **Undergraduate packages** pair a Diploma or Associate Degree with a Bachelor's, often with ATAR-free entry.*
- **Postgraduate packages** link a Bachelor's to a Master's.*

Built for credit, many packages shorten the second course, helping students graduate sooner. Students can stay at one campus or move between locations and study modes.

*Terms and conditions apply for entry, check website for admission requirements per packaged course.

COURSE PACKAGES

DIPLOMAS

For students who don't achieve their goal ATAR, a La Trobe Diploma offers a direct route into university study. No ATAR required for most courses, only relevant subject prerequisites. Available across many study areas, most Diplomas take one year and can be studied on campus or online, full-time or part-time. Students can then transfer into a related Bachelor's degree with full or partial credit, reducing time and cost.

Diploma of Agricultural Science

Diploma of Arts

Diploma of Biological Sciences

Diploma in Business

Diploma of Engineering Technology

Diploma in Health Sciences

Diploma of Information Technology (IT)

Diploma in Rural Health

Diploma of Science

Diploma of Sport Management

Diploma of Sport Coaching and Development

Diploma of Teacher Education

Diploma of Teacher Education (Nexus)

Diploma in Languages

DIPLOMA COURSES

UNDERGRADUATE CERTIFICATES

La Trobe's Undergraduate Certificates offer foundation studies and a direct pathway into linked Bachelor's degrees, with credit. Studied fully online as Commonwealth Supported Places (CSPs), they range from six months full-time to one year part-time, depending on the certificate. Students wishing to take a pathway into a different study area may be limited in the subject credits they can receive.

- Undergraduate Ceritificate in Agriculture
- Undergraduate Ceritificate in Cybersecurity
- Undergraduate Ceritificate in Food and Nutrition
- Undergraduate Ceritificate in Health Sciences
- Undergraduate Ceritificate in Inforamtion Technology
- Undergraduate Ceritificate in Psychological Science

UNDERGRADUATE CERTIFICATES

TERTIARY PREPARATION PROGRAM (TPP)

La Trobe's Tertiary Preparation Program (TPP) gives students without an ATAR, or who don't meet direct entry, an alternative pathway to university. Delivered free and 100% online, students complete short micro-units in humanities, maths and science that build study skills and unlock a La Trobe Entrance Score, like an ATAR which can be used for entry.

What youll study

Each micro-unit requires approximately 8-10 hours of independent study per week during a six-week term at La Trobe.

- Academic culture, writing and presentations
- Thinking mathematically and mathematical communication
- Critical reasoning and inquiry
- World-changing ideas in science

The TPP offers two study plans, TPP Foundation and TPP Intermediate:

- **TPP Foundation** (12 micro units, four terms)
- **TPP Intermediate** (6 micro units, two terms)

TERTIARY PREPARTION PROGRAM (TPP)
