

Do you **manage or coordinate** **volunteers** in **rural** **or regional** Victoria?

You are invited to participate in a study exploring the capacity of rural and regional community organisations to support people living with dementia or intellectual disability to volunteer.

This project aims to develop best-practice recommendations relating to how organisations can be better supported to enable people living with dementia or intellectual disability to engage as volunteers.

We are inviting volunteer managers and coordinators, and leaders of community volunteer organisations in rural and regional Victoria to participate in a **40-minute phone/online interview** about the opportunities and barriers associated with supporting people living with dementia or intellectual disability to volunteer. You will receive a \$40 Coles/Myer group gift card as recognition of your time participating in the study.

To find out more, or to participate in an interview, please contact Dr Rachel Winterton T 5444 7934 E r.winterton@latrobe.edu.au
