YOUR SIX STEPS TO ENROLMENT

Please read this section carefully.

1. Register with La Trobe International
As a new student, you need to register your arrival with La Trobe International (LTI). There are two stages to this process.

Stage 1 – Register your arrival
When and where:
Thursday 18 February
10.00 am – 4.00 pm
La Trobe International
Engineering Building Room 2.07

Make sure you bring your passport and your student visa, or if you applied online, your e-visa notification. Your original passport must be presented at registration.

A staff member will guide you through activating your student account and creating your password. However, if you still owe money towards your deposit you’ll need to pay this before you can activate your student account and create your password.

If you can’t arrive in time for the above date, your first step is to visit the La Trobe International office, located in the Engineering Building. Here you will be given information on how to register and enrol in your subjects.

Stage 2 – Find out Orientation and enrolment information
Once you have registered, take note of the details of your enrolment session and relevant Orientation sessions. See pages 2–3 for further details.

2. Find your course details and print out course information
For full-degree students it’s important you understand your course and available subjects before attending your course expectations session. Visit the University Handbook to find out more:
latrobe.edu.au/handbook/2015/index.htm

3. Create your preliminary personal study timetable
This is compulsory for Study Abroad and Exchange students. For help and information on timetabling sessions and timetable helpers see page 4.

4. Attend your course expectations session and enrol in your subjects
When you go to enrol you are required to bring the enrolment checklist you received at registration, your My Life at La Trobe Guide and your preliminary course timetable (compulsory for Study Abroad and Exchange students).

If you are applying for Advanced Standing (credit), bring relevant, original or certified transcripts and course syllabus or course outlines.

5. Make sure you understand your tuition fees

6. Have your photo taken at Student Administration and collect your student identification card
Congratulations! You are now enrolled.

CONDITIONAL OFFERS
If you’ve received a conditional offer you need to give your relevant documentation (as listed on your Letter of Offer) to La Trobe International admissions staff. If you are on campus, you can take your documents to La Trobe International reception in the Engineering Building, Room 2.07.

Alternatively you can email your documents to:
intapplication@latrobe.edu.au

We will then email you your unconditional offer and instructions on how to accept. While you are waiting to receive your unconditional offer, ensure you still attend Orientation.

POSTGRADUATE RESEARCH STUDENTS
Postgraduate Research students will need to visit La Trobe International reception in the Engineering Building, Room 2.07 to register and enrol.

You are also encouraged to attend Orientation activities during Orientation week to assist you in settling into life and study at La Trobe University.
Enrolment for all international students, including Study Abroad and Exchange, is on 18 and 19 February 2016.

Please go and see La Trobe International reception – Engineering Building, Room 2.07 for more information.

DON’T GET LOST DURING ORIENTATION

Download the Lost on Campus app for iPhone, Android and Windows Phone – you’ll never be lost between lectures again!
STEP 1
Check the Handbook to find out your course requirements (Study Abroad and Exchange students will find a list of approved subjects in their Letter of Offer and can skip to Step 2). Through the Handbook, you can view individual subject information, including class requirements, by clicking on a subject code.
latrobe.edu.au/handbook

Class requirements are listed at the end of each subject entry and include information such as ‘three 1-hour lectures per week’, ‘one 2-hour practical class per week’ etc.

STEP 2
Search for your subjects (using the subject code) on the Allocate Plus timetable at latrobe.edu.au/students/timetables
Click on the link that says ‘public timetable’.
View subject information and class requirements through Allocate Plus by clicking the blue ‘information’ button next to the subject code.
Once you have searched for a subject code, match the class requirements to the list of times shown in the timetable grid.

STEP 3
Write the subject code and type of class requirement (e.g. lecture) in the grid above.

STEP 4
Check if any classes are overlapping.
If they do overlap, check the timetable to see if there are any alternative times for that subject requirement (all alternative times will be displayed in the timetable grid).

NEED HELP WITH YOUR TIMETABLE?
If you need help to create your personal study timetable, please speak to one of our International Student Hosts or La Trobe International staff.

YOUR SUPPORT NETWORK

Don’t worry if you’ve missed some of our information sessions. You’ll find a few alternatives on this page— we’re here to help you!

LEARNING MANAGEMENT SYSTEM (LMS)

The University uses an online teaching tool called the Learning Management System (LMS) for all subjects at La Trobe University. All international students are automatically enrolled in an International Student Services subject via LMS. This subject provides essential information and news that relates directly to your study experience. You can participate in weekly online activities, enter competitions and chat with staff and other students in the forums.

INTERNATIONAL STUDENT SERVICES

Throughout your time at La Trobe University, you are always welcome to seek advice, information and support from the International Student Services (ISS) team. They can help you with academic, social, financial and cultural issues during your studies. It is important to seek help from ISS if you experience any kind of difficulty. The ISS team also run many social events and programs where you can make new friends with Australian students and other international students.

To enhance your experience in Australia, the University also provides many opportunities for you to actively engage in various cultural groups and local communities.
