

# JUDITH LUMLEY CENTRE

To conduct outstanding interdisciplinary applied research to improve the health and wellbeing of women, children and families

- equitable
- respectful
- innovative
- courageous

To be a global leader recognised for addressing issues of major public health importance for women, children and families. Our research graduates will be the future leaders in public health research, teaching, policy and practice

	Objectives	Strategic Measures
<b>Goal 1</b> We will be the research partner of choice	<ol style="list-style-type: none"> <li>1. Nurture and grow collaborations with our stakeholders and experts nationally and internationally</li> <li>2. Strengthen and broaden our clinical stakeholder relationships</li> <li>3. Partner with internal departments in the University to further the University's strategic agenda</li> <li>4. Proactively disseminate our research activities and outcomes to our research partners and other key stakeholders</li> </ol>	Growth in: <ul style="list-style-type: none"> <li>■ Partnerships</li> <li>■ Partner funding</li> <li>■ Participation in external bodies</li> </ul>
<b>Goal 2</b> We will produce and sustain high quality research	<ol style="list-style-type: none"> <li>1. Increase the number of high-quality publications in peer reviewed journals</li> <li>2.
