# A MESSAGE FROM THE DIRECTOR, NURSES LEARNING HUB, SINGAPORE NURSES ASSOCIATION

**ON BEHALF OF THE NURSES LEARNING HUB, I WOULD LIKE TO CONGRATULATE ALL GRADUATING STUDENTS.**

At the Nurses Learning Hub (NLH) we are committed to providing quality programs that broaden our nurses' knowledge base and scope of practice. We engage them in lifelong learning to maintain clinical competencies to meet the demands of a dynamic health care system.

The Bachelor of Nursing (Post-registration) was started by the Singapore Nurses Association in collaboration with La Trobe University in October 1997 to enable Registered Nurses to not just expand their professional education to a bachelor's degree but to also acquire in-depth knowledge and skills and the attitudes needed for career advancement. It is the longest running degree conversion program in Singapore which has seen more than 1,500 Registered Nurses

graduate. You are now a member of this proud Alumni!

In 2023, the program is working ever more closely with La Trobe University and PSB Academy to co-invest and collaborate in the development of nursing, leveraging on academic, professional expertise and resource, to work towards a shared outcome. The tripartite agreement would set the foundation for further enhancement and changes to support the growth of the Bachelor of Nursing program.

Let me once again congratulate all the graduands for your outstanding achievements. I wish you every success as you make your mark in your new educational milestone and we look forward to your contribution to nursing in the years to come.

# CEREMONIAL TRADITION

## ACADEMIC REGALIA

Universities are heirs to traditions going back eight centuries. The colourful robes worn by today's graduands originate from the everyday dress of scholars and teachers in the Middle Ages. The traditions and colours can vary between institutions, which is why you may notice some differences in style among the academic procession.

For universities in the English-speaking world, there are normally three separate garments – the gown, the hood, and the cap. Bachelor's and Master's wear the hard cap known as the trencher, or mortarboard. Doctors wear a soft velvet cap with a tassel of the colour appropriate to their discipline.

## THE MACE

---

The mace was originally a symbol of protection – a metal club used to protect the Chancellor. It is now symbolic of the Chancellor's authority.

La Trobe University's mace was designed and created in London, by Australian silversmith Stuart Devlin, who also designed Australia's decimal currency. The mace was gifted to La Trobe in 1969, just prior to the first graduation ceremony.

## ARMORIAL BEARINGS AND MOTTO

---

**LA TROBE UNIVERSITY**  
**AUSTRALIA**

La Trobe University's armorial bearings include national and state emblems, images of scholarship and references to the La Trobe family, after whom the university is named.

Australia is signified by the wedge-tailed eagle, one of the world's largest eagles. Victoria is represented by the sprigs of heath, the state's floral emblem.

The open book references the University's commitment to learning.

The scallop shells, adopted from the original La Trobe family crest, symbolise pilgrimages. Our motto, 'Qui cherche trouve', is a modern French version of the original La Trobe family motto meaning 'Whoever seeks shall find'.

La Trobe University is named after Charles Joseph La Trobe, first Superintendent of the Port Phillip District from 1839-1850, and first Lieutenant-Governor of the new colony of Victoria from 1851-1854.

# ACKNOWLEDGEMENT OF COUNTRY

La Trobe University acknowledges that our campuses are located on the lands of many Traditional Custodians in Victoria and New South Wales. We recognise their ongoing connection to the land and value their unique contribution to the University and wider Australian society.

La Trobe University is committed to providing opportunities for Aboriginal and Torres Strait Islander people, both as individuals and communities, through teaching and learning, research and community partnerships across all our campuses.

The wedge-tailed eagle (*Aquila audax*) is one of the world's largest, and the Wurundjeri people – Traditional Owners of the land where our Melbourne campuses are located – know the wedge-tailed eagle as Bunjil, the creator spirit of the Kulin Nations.

There is a special synergy between Bunjil and the La Trobe University logo of an eagle. The symbolism and significance for both La Trobe and for Aboriginal people challenges us all to gamagoen yarrbat – to soar.
