

George Lianos
Geometric Beings
11 May – 6 August 2017

La Trobe Art Institute (LAI) was pleased to exhibit the works of George Lianos in our two courtyard galleries during 2017. The exhibition provided some of the strongest attendance numbers for the year, and garnered significant interest from our audience and local press.

Lianos' sculptures were viewed by more than 1500 visitors to the Institute, including interstate and international visitors. A gallery visitor from Sydney purchased one of the sculptures after seeing the work on show at LAI.

A large crowd was in attendance for the opening and to listen to an *In Conversation* address with the artist and facilitated by the Senior Curator. Feedback about the work and its presentation was overwhelmingly positive.

We would happily recommend the work of George Lianos to galleries for further exhibition opportunities and wish him the best in his endeavours.

Kent Wilson
Senior Curator
