

THE INDUSTRY VENTURE CHALLENGE

**KICKSTART YOUR PROFESSIONAL DEVELOPMENT
IN A FUN LEARNING ENVIRONMENT!**

HOW IT WORKS?

In this 6-week Industry Venture Challenge, students form an interdisciplinary consultancy team to solve real challenges for a startup business.

You'll present your findings, implementation plan and receive feedback from supervisors and mentors.

BENEFITS

- Develop 21st century employability skills
- Get real industry experience
- Expand social and professional connections
- Access supervision and support as you apply theory to practice
- Develop your entrepreneurial mindset, and gain access to professional tools and materials

STUDENT REQUIREMENTS

- Commit to 100 hours of work across the 6 week Industry Venture Challenge
- Attend and actively contribute towards team, client and mentor meetings
- Complete a team project report with implementation plan, presented at a client pitch
- Complete the academic assessments for Industry Placement subject LTU3IND

FUNDING

- All students may be eligible for an Industry Placement Bursary between \$1000 – \$2500
- Additional financial support is also available to cover travel costs for regional students

ABOUT THE CLIENTS

The organisations you will work with (the clients) will vary in size and industry but most will be start up businesses seeking innovative solutions to challenges they face. During the face-to-face Induction Day, you will be briefed on the clients you'll be working with, as you also begin to form your consultancy teams.

JOIN IN AND WIN!

The Industry Venture Challenge includes fun networking events and the opportunity to meet your mentors, clients and other students doing the program.

During your Induction Day and Pitch Day, you'll have the chance to win real cash prizes, network with industry experts, develop your professional skills, enjoy a free lunch on us and generally have a blast!

The Industry Venture Challenge takes you outside the conventional classroom and embeds your learning in industry, providing a unique opportunity to invest in your future career.
