A student exchange is an academically and personally challenging program that expects a student to take advantage of the unique geographic, cultural and academic characteristics of the Host University and/or regions in which they will be living. To succeed, the applicant must have a high degree of academic and personal motivation and the ability to interact with people of different social and cultural backgrounds.

In making decisions on the appropriateness of a student's participation in the LTU Exchange Program, we need to know their motivation, adaptability, academic skills, and those personal qualities that will give students the ability to benefit fully from the experience. We cannot overemphasise the value of your candid appraisal of the applicant's chances for both academic and non-academic success in the LTU Exchange Program by considering both his/her strong and weak points.
