# Semester Exchange

## What is it?

Semester exchange allows you to travel abroad and study subjects for your LTU degree at the same time, for either one or two semesters at one of our overseas partnered universities.

You will exchange places with one of their students, so you won't need to pay them tuition fees and you will get credits back into your LTU degree.

## Eligibility

- Completed minimum (120 credit points) by the time you start the exchange program
- Minimum 65% overall grade average (some partner universities require a higher average)
- Be enrolled as a La Trobe student (both domestic and international students can apply)

## How to apply

- 1) Check your LTU study plan and available subjects
- 2) Find a suitable overseas university for your degree from our list of exchange partners listed on the back or through International Student Exchange Programs (ISEP).  
Institutions you choose must offer subjects relevant to your degree, teach in the language of your competency and be able to accommodate for any special needs you may have.
- 3) Apply online

Further details can be found at:

"Exchange is an awesome opportunity which I would recommend. It's a once in a lifetime chance to get insights into how other people experience university life.

It opens you up to meeting new people who you would never have met otherwise, to travel and to make new memories"
