

ENGINEERING WORK INTEGRATED LEARNING

Build your pipeline of future engineering talent. Access final-year undergraduate and postgraduate engineering students through La Trobe University's WIL program. We help identify the right student for your organisation and support both you and the student throughout the placement.

PROGRAM

The Engineering Work Integrated Learning (WIL) program connects industry with students, who generate new ideas, energy and mentoring opportunities for industry staff during their six to 12 month (800 hour) student placement.

TIMING

Round 1

November to January start.

Round 2

July to August start.

BENEFITS

- Invest in your future workforce, engaging with early career talent
- A thorough matching process ensures top candidates for interview
- Ongoing support throughout the program
- Leadership and mentoring opportunities for current staff
- Bring new ideas and energy to your organisation
- Students provide solutions to your business challenges.

COST

Total program cost: \$15,300

Includes student industry scholarship (\$12,000) and WIL program fee (\$3,300 incl. GST).
